## **DO I NEED TO PURCHASE A COMPUTER?**

Having a personal computer is convenient, but before you buy a new one, check with your specific college to see if your program has computer and software requirements at **it.wvu.edu/students**.

If you don't want to purchase a computer your first year of school, consider using one you already have, purchasing a lower-cost model or using the computer labs on campus. As you advance, you may be required to upgrade to a computer that meets your program's needs.

#### WINDOWS OR MAC?

Unless your major has specific system requirements, we recommend using what you're comfortable with. WVU supports both. To run Windows on a Mac, purchase Windows (\$160) and install it using Apple's Boot Camp utility. Then, you can boot to either Windows or Mac.

## SUGGESTED COMPUTER SPECIFICATIONS

for students whose programs do not have computer requirements

General Use	Science/Technology
Streaming video, writing papers and taking tests	Doing graphic design, editing video and programming
8 GB RAM Intel i5 Core Processor SSD for increased performance	16 GB RAM Intel i7 Core Processor 500 GB SSD Dedicated graphics (GPU)

#### WHERE CAN I GET FREE STUFF?

For the complete list of free and reduced software, go to **slic.wvu.edu**.

Campuswide Wi-Fi - WVU.Encrypted

Antivirus - freeav.wvu.edu Google Drive Storage - Provided with your MIX (Gmail) account

#### WHERE CAN I FIND DISCOUNTS?

Software Licensing Information Center - slic.wvu.edu Apple Education - apple.com/go/college Dell University - dell.com/wvu Best Buy College Student Deals - tinyurl.com/ycytznj9 Amazon Prime Student - tinyurl.com/hhd8hd6

**Thrifty Tip:** Consider buying refurbished from Apple or Dell, and purchase an extended warranty.

## HOW DO I KEEP MY INFORMATION SECURE?

Along with using two-factor authentication, you should practice responsible cybersecurity habits. NEVER share your WVU Login credentials with anyone, and don't click on a link unless you know it came from a trusted source. When in doubt, forward all suspicious-looking emails to **defendyourdata@mail.wvu.edu** for review.

defendyourdata.wvu.edu

### **DO I NEED A PRINTER?**

**NO**. MyPrinting provides direct and web-based printing. Students can go to any campuswide MyPrinting location and swipe their WVU ID to pay with Mountie Bounty (**wvucard.wvu.edu**). If you want a personal printer, it **must** have a wired USB connection, and wireless capabilities **must** be disabled.

myprinting.wvu.edu
