

The BS/BA - BSN program is an accelerated program for college graduates, who wish to become a registered nurse with a bachelor's degree in nursing. It is designed for full time study with five consecutive semesters (18 months). Successful students will obtain the Bachelor of Science in nursing degree (BSN) and are eligible to take the licensing examination for registered professional nurse (RN).

Applicants for this program must have a bachelor degree from an accredited college or university with an overall GPA  $\geq 3.0$  and all prerequisite courses GPA  $\geq 3.0$ . If the applicants earned a bachelor's degree in another country, they will have to send their credential evaluation packages, which must be ordered through the World Education Services, <http://wes.org>, to the School of Nursing.

Admission application deadline is between March 1<sup>st</sup> and July 1<sup>st</sup> for the following January. The new cohort of students begins this program in January of the first day of Spring semester.
