Note:

- All prerequisite courses must be successfully completed prior to beginning this program of study.
- Students may still apply for the program while completing prerequisite courses.
- A minimum grade  $\geq C$  is required in all prerequisite courses.
- All international applicants are required to meet University standards for English proficiency which may include testing and/or English Composition course requirements.
- Students completing prerequisites at an institution other than WVU should utilize the transfer database to determine eligible courses or have courses pre-approved by the Office of the University Registrar. Information may be found here: <https://registrar.wvu.edu/transfer>.
